Further copies, as available, may be obtained if the author pays for postage. Pasaa will publish article having practical or theoretical orientation in the following areas:

EDITORIAL

The editorial board would like to take this opportunity to express its sincerest apologies for there being only one single publication of PASAA this year. We have been obliged to combine No. 1 and No. 2 of Volume XIII due to unforeseen circumstances. All subscribers for 1983 will thus automatically receive Volume XIV, No. 1, 1984 in order to compensate for there being only one publication this year.

Also, this issue of PASAA has a somewhat different presentation. Some of the articles published make use of phonetic characters and as the University Press does not have the facilities to print phonetics, it was necessary to have the Journal stencilled rather than printed this time. However, this is a "once-only" change and the next issue will revert to the usual method of printing.
