

Vision

The Chulalongkorn University Language Institute (CULI) produces CU graduates with English language competence at international standards and is a resource for English language instruction in Thailand.

Mission

CULI is a leading institute in English instruction, assessment and evaluation, research, and academic services committed to:

1. Providing English language instruction to both undergraduates and graduates in Thai and International programs as well as extra academic programs
2. Conducting research into the English language, instruction as well as testing and evaluation
3. Disseminating knowledge of English language instruction, testing, evaluation and research
4. Offering academic services including English instruction, testing and evaluation, pedagogical materials development and translation, and
5. Complying with the relevant professional code of ethics and foster Thai art and culture.

Objectives

1. To promote academic excellence in regards to English language instruction through testing and evaluation, and effective and practical materials development
2. To recruit and retain capable instructors by promoting their professional

development and supporting their academic as well as research expertise which will contribute to development of the knowledge of English language instruction

3. To promote the dissemination of academic knowledge by offering academic services corresponding to the community's needs, be they specific individuals, professions, and institutions or to particular educational institutions

4. To serve as a center for experiencing English and knowledge transferring and sharing knowledge related to instruction and research at the national, regional, and international levels

5. To manage its facilities, nurture its human resources and to adhere to a professional code of ethics and foster Thai art and culture
